

THE EDICT OF KOLCHAKSARAY

Deniz, By the Grace of God, Grand Prince of Pavlov, Head of the House of Karapavlovič, Duke of Derskovia & Viadalvia, Prince of Kolchaksaray, Commander of the faitfull and lord of many other countries and peoples, etc. etc. etc., To all Present, and to Come, greeteth. Among the infinite Mercies that God hath pleased to bestow upon us, that most Signal and Remarkable is, his having given us Power and Strength not to yield to the dreadful Troubles, Confusions, and Disorders, which were found at our coming to our Realm, divided into so many Parties and Factions, that the most Legitimate was almost the least, enabling us with Constancy in such manner to oppose the Storm, as in the end to surmount it; For which, to Him alone be given the Honour and Glory, and us the Grace to acknowledge our obligation, in having our Labours made use of for the accomplishing so good a work, in which it hath been visible to all, that we have not only done what was our Duty, and in our Power, but something more than at another time, would have been agreeable to the Dignity we now hold; as in not having more Care, than to have many times so freely exposed our own Life. And in this great concurrence of weighty and perillous Affairs, not being able to compose all at one and the same time.

Whereas it is no longer in our best interest to follow the path of our former Church it shall hereby be known that the Crown of Pavlov, in cooperation with Metropolitan Kirill of Kolchaksaray, have established the Pavlovian Holy Synod and the Pavlovian Orthodox Church. May this action bring us back in the grace of god, and make the realm stable, calm and crimeless.

Whereas it has come to us that in our realm live many of those who have betrayed their religion (and those who never have belonged to any type of religion) and have chosen the path towards the creation of havoc, troubles, confusions and other disorders, in our wisdom we have decided that all of our subjects who do not belongs to the Holy, Catholic and Apostolic Church, that is the Pavlovian Orthodox Church, shall be subject to state-guided conversion into the Pavlovian Orthodox Church, in form of salvation through baptism.

Whereas in the gospel of our lord and saviour any type of same-sex relationship (or marriage), sodomy or gender identity disorder, is strictly prohibited, banned and seen as acts close to heresy, acts of this nature shall be made illegal in the entirety of our realm, in all Cities, Castles, Fortresses, Boroughs, Villages and any other type of settlement. Committing yourself to any kind of act described above shall lead to exile from our nation, withdrawel of citizenship and being declared an enemy of god, state and the crown.

Whereas it is made clear to us that all the signatories of the so-called "Denton Protocol" in fact support such acts as described above, it is in the best interest of the realm to declare all the signatories of the so-called "Dentol Protocol" as a Persona Non Grata, this shall mean that they are no longer welcome in the entirety of our realm, in all Cities, Castles, Fortresses, Boroughs, Villages and any other type of settlement.

Whereas we consider the profesion carried by some perverted females, not worthy of our realm, it shall be known from this day that any of our subject found selling their own body for any type of extra-marital sexual relationship, shall be charged with Perversion of the Nation and High Treason, punishment for this shall lead to exile from our nation, withdrawel of citizenship and being declared and enemy of god, state and the crown.

All of this written in our Edict, shall be made binding law in the entirety of our realm, in all Cities, Castles, Fortresses, Boroughs, Villages and any other type of settlement, starting from the 25th of September in the 2014th year of our Lord and Saviour.

Deniz
